

Instructions to complete your Value Profile

Log in: <http://axiometrics.us>

User ID and password are case sensitive:

User ID: SoulRoleGoal

Password: Pathfinder

On opening page: Complete your name, email, location, etc.

On next page: Read Instructions carefully to complete Value Profile.

It's a drag and drop menu. You rank each item from 1 (best) to 18 (worst).

You may first want to go through the list and rank each item as positive or negative. Each will then light up as blue (positive) or red (negative).

Then you can rank the positive blue items forwards from 1 (best) and the negative red items from 18 (worst) backwards. This usually makes the process easier.

IMPORTANT:

In Value Profile Part 2, DO NOT interpret the word "work" as it relates to your current work or job. You are ranking the statements based on what they mean to you and how you value them, not whether you agree or disagree or how you feel about your current job, work, or employment.

Before you hit submit check carefully that your rankings are correct. After you hit submit, if you missed one or misinterpreted the instructions you'll get a correction page to go back and fix.

If processed correctly, the next page will verify you finished.

NOTE: Your Personal Pathfinder report will be email from RDGS and this email ai@axiometrics.net with an attached .PDF file that will be named like this:

LASTNAME,FIRSTNAME_PersonalPathfi_293044_7_.PDF

Make sure you allow the email from ai@axiometrics.net or check your spam or trash if you don't see it within 24 hours.

If you have questions or need help, email help@thenewgameprofiles.com

Enjoy,
