Please do not share this page or log in credentials they are for members only.

It will take only 15 minutes to complete your Value Profile.

1 - Log in: <http://axiometrics.us>

User ID and password are case sensitive:

User ID: SoulRoleGoal

Password: Pathways

Opening page: Complete your name, email (where your profile will be sent), location, etc.

Next page: Read Instructions carefully. Use the drag and drop menu to rank from 1 to 18 two sets of value profile words and phrases.

It's easiest to first rank each word or phrase as positive or negative.

Each item will light up as blue (positive) or red (negative).

Then rank the **positive blue items** forwards from 1 (highest) and the **negative red items** backwards from 18 (lowest). Complete both profile parts 1 and 2.

Before you submit check carefully that both sets of 1-18 rankings are correct. When you submit, if you missed one or misinterpreted the instructions you'll be asked to fix.

If processed correctly, the next page will verify you finished.
